

Coloană extractibilă LAMINA 300, coșuri gri metal - 120Kg

Coloana extractibilă LAMINA, produsă de VIBO Italia, urmărește noile tendințe cromatice în mobilier. Toate componentele sunt vopsite în câmp electrostatic în culoarea gri metalic. Coșurile sunt din metal oferind întregului ansamblu un aspect minimalist și estetic.

Avantajul principal este că numărul de coșuri poate fi ales în funcție de înălțimea coloanei cât și de tipul produselor depozitate.

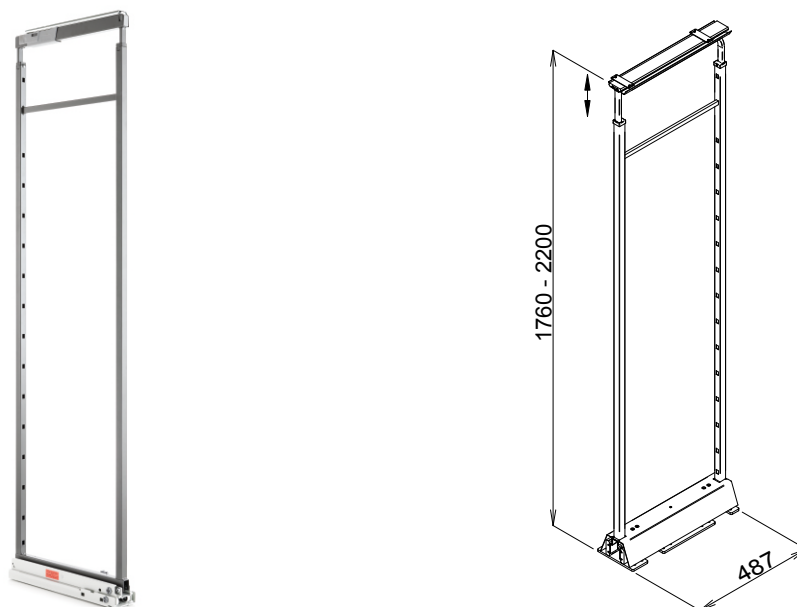

Caracteristici:

- portanța maximă este de 120 Kg
- șină cu extracție totală și decelerată cu piston cu aer
- coșurile pot fi montate la diferite înălțimi
- prinderea ușii în 3 puncte, cu reglaj tridimensional
- înălțimea interioară a corpului între 1760 și 2200 mm
- adâncimea minimă necesară montării este de 487 mm
- lățimea exterioară a corpului este de 300 mm
- opțional se livrează cu element de rigidizare a lateralei corpului
- amortizoarele la închidere pot fi reglate după greutatea de încărcare a coșurilor
